

Y KRIVOSERZEW Ivan  
born on <sup>at Gnezdovo, Russia, Russian Empire</sup> 20.7.1915 reported

to the first Polish officer

I met to ~~ref~~ tell the

whole story of the  
massacre of the Polish

officers at Katyn in 1940.

My village was situated

about 3 kilometers from

the wood where the shooting  
took place.

When the place ~~was~~ <sup>was</sup>

occupied by the

germans ~~they~~ I stayed

there (in my home village, Guerdon)

In 1943 I learned from the  
Germans that they are  
interested <sup>in finding the missing Polish off</sup> in the massacre

of Polish Officers, and  
that the matter is of  
international importance.

I reported to them, <sup>and to different ~~superior~~ <sup>and to different superiors</sup></sup>  
them all I knew. I worked <sup>for</sup>

I was the first to show them the <sup>ones</sup>  
three months on opening the  
mass graves of Polish Officers  
when Russians moved forward.

I was sent by the Germans  
into Germany and worked as  
a railwayman in Berlin.

Before Russians occupied Berlin  
I fled on foot here.

I state the above solemnly in  
place of oath.
